

Hospital Discharge Survey

Tell us about your experiences of leaving hospital since March 2020 during COVID-19

Healthwatch Worcestershire find out what people think about health and social care services. We use this information to tell those who run the services how they can be improved.

To make room for the sudden need for more beds due to Coronavirus, the NHS has changed the way it discharges people from hospital. Please take 10 minutes to tell us your experience as a **patient** or as an unpaid or paid **carer**

Please complete our survey

The Surveys can be completed online here -

Patients: <https://www.surveymonkey.co.uk/r/patienthospdischarge>

Carers: <https://www.surveymonkey.co.uk/r/carershospdischarge>

or use the QR codes below

Contact us for a Freepost paper copy.
